## Structured Cabling

# AT EXTRA-LOW VOLTAGE (ELV)

Extra Low Voltage (ELV) technologies play numerous essential roles in modern day facilities, functioning in various capabilities such as communications and personnel coordination. As professional security system integrators, We can design, provide, and execute integrated ELV systems to boost the security of your property, protect your important assets, and improve your efficiency in dealing with high-alert situations.

Our expertise covers the following areas:

- CCTV, Security Access Control System
- Network LAN and Routers System
- RFID System
- Public Address System
- Digital Communication System
- Wireless Connectivity Solutions
- SMATV/IPTV Infrastructure
- Telephony System Services

# AT GREEN & EFFICIENT ENERGY

Our global currently relies heavily on coal, oil, and natural gas for its energy. Fossil fuels are non-renewable, that is, they draw on finite resources that will eventually dwindle, becoming too expensive or too environmentally damaging to retrieve.

We pursuing World Green initiatives into our strategic endeavors, with the emphasis on environmental sustenance. We believe in enabling services and solutions that have maximum efficiency and minimal impact on the environment.

- The range of services are as follows
- Solar Panel Supply and Install
- Efficient Lighting System
- Inverter
- UPS ( Uninterruptible Power Source )
- Lighting Control System
